

**SOUTHERN POWER DISTRIBUTION COMPANY OF A.P. LIMITED
CORPORATE OFFICE :: TIRUPATI**

Memo.No.CMD/CGM(HRD)/JS(HR)/GM-I/DGM-Estt/PO-II/D.No.53/19, Dt.25.11.2019.

Sub:- Estt – APSPDCL – TPT – Capacity building – Long term courses in reputed institutions inviting applications from aspiring engineers of power utilities – Willingness of Employees – Called for – Reg.

Ref:- D.O.Lr.NO.CGM/HRD&Trg/EE(T&MPP/DEE(T)/Peshi/F.Estt/D.No.275/19, Dt.21.11.2019

In the letter cited, AP Transco has informed that Andhra Pradesh had been the pioneering states, in this direction, to adopt RE infusion in a big way: we have around 25% of VRE in the energy spectrum today. Successful grid operations with this weather dependent renewables pose a gamut of challenges every day and for transmitting 24*7 uninterrupted supply and requires specific specializations and skill sets like supply forecasts, statistical analysis, market/exchange studies, regulations law of contracts etc.,

Hence, it is proposed to call for willingness of the interested Young Engineers (preferably AE/AEEs) below the age of 40 years; with promising academic and professional track record to under go training on the following areas.

S.No.	Stream	Desirable qualities	No. of Officers for Training
1	Marketing Operations	Good analytical skills, sharp reflexes, integrity, good academic performance, ability to communicate well	5
2	Weather Forecasting (Long term & Short term)	Excellent analytical skills, sound in mathematics, integrity, good academic performance, conversant with statistics, excel skills	5
3	Legal Aspects	Excellent reading comprehension, excellent writing skills, ability to abstract voluminous text, integrity, clear articulation, ability to approach and freely interact with persons in authority	5
Total			15

Contd....2

In view of the above, all the CEs/Zone, SEs/GMs and EEs are requested to call for the applications from the willing Officers to under go long term training at different locations abroad/any where with in the country in the prescribed format enclosed.

Note: The Short listed candidates who will under go long term training shall give a Legal Bond/Agreement to the organization (for atleast 5 years) to serve after the completion of the course within the organization in relevant fields.

Last date for receipt of application is 10-12-2019.

D.O. Lr.No.CGM(HRD & Plg.)/EE(T&MPP)/DEE(T)/Peshi/E.Estt/D.No.275/19 dt: 21.11.19

Dear Haranath garu,

Sub: APPCC - HRD - Capacity building - long term courses in reputed institutions - Inviting applications from aspiring engineers of power utilities - Reg.

Ref: Instructions of the Secretary to government, Energy dt: 19.11.2019

As a global phenomenon, we are getting more conscious of our carbon footprint and taking steps to reduce the net impact of fossil fuels on the environment. To achieve this, integration of variable renewable energy into the grid with aggressive targets and phasing out of old conventional units is being propagated. We as a nation has set a goal of achieving an installed capacity of 225GW of RE by 2022.

Andhra Pradesh had been the pioneering states, in this direction, to adopt RE infusion in a big way; we have around 25% of VRE in the energy spectrum today. Successful grid operations with this weather dependent renewables pose a gamut of challenges every day and for transmitting 24*7 uninterrupted supply, SLDC/TRANSCO/APPCC requires specific specializations and skill sets like *supply forecasts, power systems planning, real time grid balancing, DSM, weather forecasts, statistical analysis, market/exchange studies, regulations, law of contracts etc.*

Hence, it has been decided to form an efficient team of engineers to man these future positions and to impart required training/education through reputed institutions/universities. The desirable qualities for each specialized stream are shown below:

Sl. No.	Stream	Desirable qualities
1	Market operations	Good analytical skills, sharp reflexes, integrity, good academic performance, ability to communicate well
2	Forecasting (Long term & Short term)	Excellent analytical skills, sound in mathematics, Integrity, good academic performance, conversant with statistics, excel skills
3	Legal	Excellent reading comprehension, excellent writing skills, ability to abstract voluminous text, integrity, clear articulation, ability to approach and freely interact with persons in authority

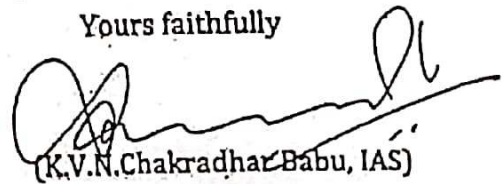

Therefore, the CMDs of AP Power utilities are requested to invite applications (in the format enclosed herewith) from the interested young engineers (preferably AEs/AEEs) below the age of 40yrs; with promising academic and professional track record. The shortlisted candidates shall be willing to undergo long term training/study at different locations abroad/anywhere within the country. The required number of Engineers Company wise is as shown below:

Stream/ No of Candidates	APTRANSCO	APGENCO	APEPDCL	APSPDCL	TOTAL
Marketing operations	5	5	5	5	20
Weather forecasting	5	5	5	5	20
legal aspects	5	5	5	5	20
Total:	15	15	15	15	60

Note: The shortlisted candidates who will undergo long term training shall give a Legal Bond/ Agreement to the organization (for atleast 5 years) to serve after the completion of the course within the organization in relevant fields.

Encl: Application form.

Yours faithfully

(K.V.N.Chakradhar Babu, IAS)
